

SDF's Search Dog Guardians

The **Guardian Endowment Fund** was established with gifts received in response to the deployment of our teams to the World Trade Center disaster in September, 2001. The fund will secure the future of the Search Dog Foundation and help sustain our future home at the National Training Center.

We honor each of our Estate Donors by giving them the opportunity to become the "Guardian" of a Search Dog (*in italics, below*) The Guardians follow the training and deployments of their Search Dog, get to know the Handler, and become a beloved member of the Team's extended family.
